Roadmen and tradesmen in Cleveland, however, wanted the Grand Circuit meeting so badly that in a few days enough money was raised by popular subscription to make good any possible loss the track might suffer by going ahead.

The dates for the meeting are July 30 to August 2, which, with the dropping out of Detroit, that was booked for the previous week, makes Cleveland the start of the Grand Circuit of 1908. In order to have plenty of time to adjust and advertise the entries, it has been decided to have all entries to the races made not later than tonight.

BEZDEK GOES TO OREGON

Hugo Brendek, known best in his college days as a football player at the University of Chicago as the human trampoline, will be in charge of the physical director at the University of Oregon, where his position will be similar to that of his former employer.

Brendek will teach the Oregon football, baseball and basketball teams, in addition to the physical education classes. He will have a position on the faculty. William Hayward, a California man, will continue to be in charge of the basketball team at Oregon and Kennedy at the college.

There have been a couple of other well-known men who have been connected with Oregon's athletics. Dick Smith, captain of the basketball team of 1933, was transferred from Oregon. He was asked to coach the team. He was followed by a former basketball player, who was transferred to Brendek. Brendek of Yale, the director of the basketball team at Oregon.

Brendek hopes to bring about athletic relations between Chicago and Oregon. He is in a good position to do this. Margie Collins, a former basketball player, is now at Indiana. Ellsworth at Boulder, Colorado, at Denver and Kennedy at the College.

WOULDN'T IT MAKE YOU MAD--

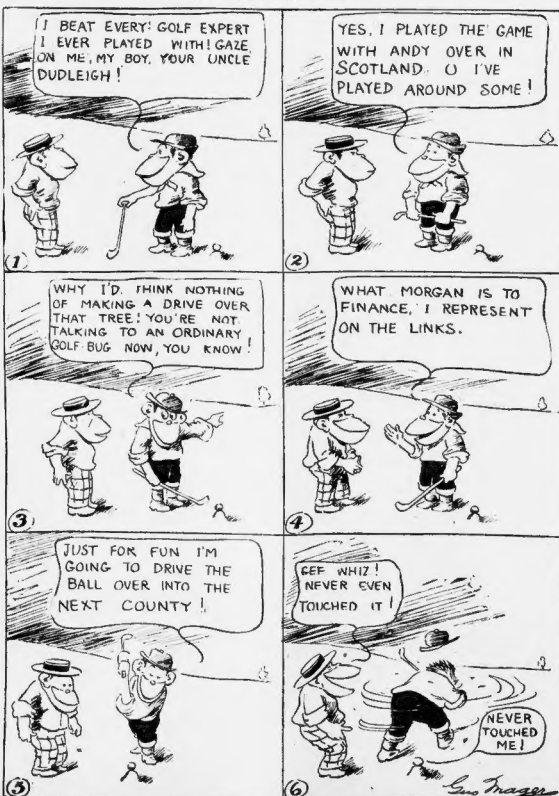

80 AND 82 SUMMER ST., BOSTON, JULY 9, 1908

**Mr Joseph G. Ward of New Zealand
Can Answer the Foolish Opponents
of Public Ownership in the Only
Permanent Way**

Sir Joseph Ward tells the Americans whom he is visiting that no government in New Zealand could live an hour if it even suggested changing back to the old plan of allowing cunning rascals to exploit the people through private ownership of public necessities. And he is wondering, AS MANY AMERICANS ARE WONDERING ALREADY, how long it will take this nation to realize that its laws should protect the many instead of promoting the extortions of the few.

Sir Joseph Ward tells the Americans whom he is visiting that no government in New Zealand could live an hour if it even suggested changing back to the old plan of allowing cunning rascals to exploit the people through private ownership of public necessities. And he is wondering, AS MANY AMERICANS ARE WONDERING ALREADY, how long it will take this nation to realize that its laws should protect the many instead of promoting the extortions of the few.

THE BOSTON AMERICAN would like to hear from readers of the paper. We want your ideas. Write a letter occasionally on some current event that interests you. If you see something in the paper that displeases you, let us know about it. If you see something you especially like, tell us, and express your ideas upon it. Letters should be short—not over 250 words—written on one side of the sheet.

IT WOULD HAVE BEEN A RECORD DRIVE—IF HE HAD HIT THE BALL

By Morton Birge

If a sassy little man,
 Who is known as John Moran,
 With a shocking lack of tact,
 But authority to act;
 Should declare you must explain
 All your big unlawful gain,
 Else you'd surely come to grief
 Just as any other thief—
 Would'je like to be the *ice man* NOW?

By James J. Montague

"So rest assured, me noble lads,
that here and everywhere
Within His Majesty's domains we'll be
quite on the square.
We'll give you cheap insurance rates
and settle every claim,
Till every widow in your land shall
rise and sing our fame.
And if our profits aren't so big, we'll
find an easy way
To get it back on business in the
U.S.A."

malady. You might as well ask Grocer A. if Grocer B. is a better man to deal with. Your surgeon believes in himself. He believes in the knife. It is his pride.

By Rev. Charles A. Crane

General Stewart L. Woodford, late Minister to Spain, said in an address to the graduating class of Northwestern University that Socialism and Anarchism are "the two most dangerous enemies of the United States." The "third degree," by which the police attempt to extract information by torture and terror, is a relic of ancient barbarism and should be prohibited.
